Franchisees Talk About The Benefits Of Cleaning Doctor:

Bill Weir says:

Two and a half years ago I decided that the time was right to tear myself away from a boring but comfortable existence working for a multi-national company. After much deliberation and

soul searching, I plumped for a Cleaning Doctor franchise. My life has been turned around, very much for the better. Work life balance is now much improved and I am in control. Most pressures have simply gone and all my friends say I am a different person - much more relaxed. I can only thank Cleaning Doctor for this opportunity and say that there is no other franchise that I feel can come close to the ‘family’ network built by William Little and team at Cleaning Doctor head office.

Stuart Hamer says:

I can’t see an end to the continual growth of my business. The potential is absolutely vast; everywhere I go there are opportunities for even more business. I have launched a second

vehicle, secure in the knowledge that there is a passionate and dedicated head office team backing me every step of the way. I worked very hard in my first two years, but as I am the one reaping the financial rewards, who cares! I certainly don’t - I’m enjoying every minute of it. My future is certainly secure with Cleaning Doctor.

Mary Dowd says:

As a Cleaning Doctor franchisee I have benefitted from the amazing marketing materials and the committed support of the company. It was ideal for me. Everything

is detailed in a 320 page Operations Manual. The Cleaning Doctor support system has been available to me every step of the way. I couldn’t have asked for better. If you want a home based business with repeat customers then you should look seriously at the Cleaning Doctor franchise opportunity.

Liam Hennessy says:

A Cleaning Doctor franchise is an excellent opportunity for anyone who wants to start a business. It’s not too expensive and you have the backup of a whole network. With

Cleaning Doctor you don’t start at the bottom, you start halfway up. Willie Little, the franchisor, was really enthusiastic. I could see the potential of the business and the opportunities. Within a year and a half the business turned over 92 thousand. This year I have even more domestic customers and secured more commercial contracts. If you are seriously looking for a franchise, you must investigate Cleaning Doctor. Take this one simple decision and you’ll never look back.

Founder and Franchisor of Cleaning Doctor, William Little, says: “The strength of our 51 strong franchise network is built on our dedication to franchisees with our total support and marketing systems. Any franchisee that activates just half of our marketing strategies can build a very successful business. I invite you to inspect our franchise opportunities. Just give me a call and get the lowdown on what makes Cleaning Doctor unique. Be warned, becoming a franchisee of Cleaning Doctor is a life-changing experience – always for the better – when you follow our plan.”
